

MOORABOOL Wind Farm

COMMUNITY UPDATE - March 2023

Community Fund

Applicants from Round Four of the Moorabool Wind Farm Community Fund have been notified if they were successful or not. We will announce the successful projects once the necessary paperwork is completed. Thank you to all community members who submitted an application and to the Community Fund Assessment Panel for your time and interest.

The next opportunity to apply for grant and scholarship funding will be mid-2023. Keep an eye out for details.

Landscape and Visual Screening Program

Owners of residential dwellings within 4km of the Moorabool Wind Farm are invited to participate in a landscape and visual screening program, designed to reduce the potential visual impacts of the project for our closest neighbours.

All agreed works are undertaken by Moorabool Wind Farm at no cost to dwelling owners.

The program is open until 30th June 2023 for Moorabool North and 30th Sept 2023 for Moorabool South. Please contact us if you would like to register your interest.
